## BREAK FOR LIBERTY

### Twelve Prisoners Overcame County Jailer Capps and Gained Their Freedom

### CLEVER RUSE DECEIVED

One of Number Pretended to Be Sick and Fiends Smote Hand That Proferred Relief—Some of Them Recaptured.

Twelve of twenty-odd prisoners in New Hanover county jail, seven of them under final sentence at last week's term of Superior Court, made their escape yesterday morning between 12 and 1 o'clock. They are all colored and were confined in a cage together. One of the number feigned sickness and when Jailer Ed. Capps, who had been aroused from his sleep, went to hand one of them a glass containing medicine, through the cell door, they made a rush upon him and choked him down. The negroes then fled out through the residential portion of the building. Five other colored prisoners in the same cell either did not care to escape or could not find their way out in the darkness. One of the escapes was "Jimmy" Burns, the noted negro money order forger who operated at a number of places in this State and Georgia, having been recently brought here from Savannah by U. S. Postoffice Inspector S. H. Buck, of Atlanta, for trial in the Federal court this month. The aggregate sentence of five of the State prisoners who escaped is 11 years. Two of the number were held for trial only last Saturday on a charge of storebreaking. One of the number, all but escaped from the city prison a few hours after he was arrested by breaking out of a wooden cell and attempting to dig under the wall of the outer corridor.

Jailer Capps made a manful attempt to brook the mutiny of the prisoners, and ran forward ahead of the rush to shut the outside door of the jail office leading to the residence portion of the jail, but as he was about to accomplish his purpose to confine the escapes in the office, he was set upon by one of the fiends, choked, thrown against the brick wall and struck in the mouth. The prisoners then swept out through the main passage of the jailer's residence, sprung the night latch on the inside and fled down the street. There were few people passing at the time and the negroes had gone some distance before an alarm could be given, Jailer Capps being engaged in keeping back the five other men in the cell. Mrs. Capps heard the scrimmage in the office and believing her husband had been killed, screamed at the top of her voice, attracting the firemen of Engine Co. No. 1, who were at their station on the corner. The firemen came scampering down, half-clad and armed with pitchforks, bludgeons and whatever else they could lay their hands to. It was too late, however, except to quell a stampede of the prisoners remaining in jail. Officers at the City Hall, diagonally across the street, also responded to the alarm as did Capt. E. G. Parmele and several other residents in the neighborhood who had been awakened. The police at once took every precaution to confine the retreat of the negroes to the city and Sheriff Stedman, in a few minutes, was at the jail and with Capt. Parmele and Jailer Capps organized posses which went in every direction. The bridge approaches to the city were soon guarded. About 4 o'clock Policeman Alex. Wells and Leon George and Bridge Keeper Murray captured two of the most desperate of the criminals as they were attempting to cross Hilton bridge. The two captured were "Jimmy" Burns, the U. S. prisoner, who will be tried at the term of Federal Court, beginning here Monday week, and Hunch Hullen, the negro convicted and sentenced to five years on the county roads for the robbery of a trunk in the residence of Capt. W. L. Beery, Fourth and Market streets, which was entered in broad open daylight and the thief captured after an exciting chase of citizens, police and firemen. Later in the day a telegram came from Policeman I. F. Huggins in Onslow county, stating that he had captured another of the escapes and had reasons to believe, from a confession of the one caught, that there were others in the same nieghborhood. Officer Huggins was advised to imprison the one he had caught and wait for the others. The escapes besides those mentioned above are as follows:

John Bishop, convicted and sentenced with John Read to two years on the roads for implication in the killing of Wiley Kelley, colored, at the "hobby horses" near Sixth and Campbell streets.

Ed. Sampson, three months for carrying a concealed weapon and two months for an assault with a deadly weapon.

Louis Brooks, one year on two counts of larceny at Carolina Beach. It was reported yesterday evening that Brooks had returned to Carolina Beach, and was armed with a Winchester rifle, and had been seen in the woods with other negroes. A bateau was found adrift in the river yesterday and it was used, presumably, by some of the negroes in crossing the river.

John Williams, Charles Singletary and Willie Davis, 12 months each on the roads for gambling.

Tom Ellingfton, false pretence, and Elijah Russ, housebreaking, arrested Saturday night by Constable Savage for preliminary trial before Magistrate's court.

Geo. Boney and Sam Long, the negroes bound over for trial Saturday on the charge of breaking into and looting the store of Mr. R. A. Montgomery Friday night. Boney was captured after a chase of him into Smith's Creek. He attempted to break out of the gaurd house on the night following his arrest.

Sheriff Stedman is making every effort to recapture the escaped prisoners and has special deputies all over this immediate section as far as the South Carolina line. A report reached the city late last night that Policeman Huggins had captured another of the prisoners in Onslow, but no name was given.

### HIGHWAY ROBBERY CASE.

Third Man Arrested Believed to Be Implicated—Trial Postponed.

Will Guthrie, white, believed to be the third man implicated with the Mason boys captured Saturday night, in the series of highway robberies in East Wilmington, was arrested shortly after Sunday midnight by Policeman M. C. Gray on Queen street, between Second and Third streets. The Masons yesterday employed Messrs. Herbert McClammy and Marsden Bellamy to defend them and they will have preliminary trial before the Mayor to-day at noon, the alleged offence having been committed within a mile of the city limits over which police jurisdiction extends. Two of the watches found on the person of one of the Masons were identified at the police station yesterday by some negro cart drivers who had been held up and robbed a short time before the attempt was made on Mr. George R. Smith, who assisted in effecting the arrest of Jessie Mason. The warrants against the young men charge assault with a deadly weapon with intent to rob.

## BOARD OF ALDERMEN

### Three Hours in Regular Monthly Session at City Hall Last Night

### NO IMPORTANT MATTERS

Mass of Routine Business Transacted—Charges Against Policemen Dropped—Streets and Wharves Committee.

The Board of Aldermen was in regular monthly session for three hours at the City Hall last night, Mayor Waddell presiding and all members in attendance except Mr. W. H. Yopp, who is still detained, in Baltimore with his laughter who recently underwent an operation for appendicitis. Nearly an hour of the session, at the beginning, was given to hearing Chairman W. H. Sprunt, Messrs. George Rountree and Donald MacRae, of the County Board of Education; Chairman Jas. F. Post and Samuel Northrop, of the two city school committees, and City Superintendent John J. Blair upon a petition that the city allow the schools one-third of the revenue derived from liquor licenses in view of the recent increase of the rate to more than double the former tax. After a full discussion of the subject by the school authorities, led by Mr. Rountree, the petition was referred, upon motion of Alderman Karr, to a special committee to be named by the Mayor later, and to report at the August meeting of the Board. Nearly every member of the Board and the Mayor expressed himself in thorough sympathy with the needs of the schools, but stated that it was simply a question of money as the several departments of government had already suffered because of a depleted treasury at the beginning of their new fiscal year. However, it was thought that by the August meeting, the amount of liquor license from the number of saloons that would remain in business at the increased rate and the advance in the valuation of real estate for taxation would no longer be problematical and the Board could then decide what would be best to do. The postponement of action appeared eminently satisfactory to the petitioners. The need of the repair of streets and the building of new ones was urged by Mr. O'Brien, who called attention to the very small appropriation allowed by the Board of Audit and Finance, because of the fact that the present administration was not only left with no balance on hand, but was actually in debt. Mr. O'Brien thought the schools might be able to do on less than one-third and spoke at some length his ideas of the situation.

The educational matter having been disposed of, the call of standing committees ensued. Mr. O'Brien, for the Finance Committee, introduced and explained the following ordinance, which was unanimously passed in amendment to the tax ordinance:

"Brewers' Agents—All agencies of breweries, bottlers of beer or other malt liquors shall pay a license tax of $30 per month, provided, however, that any such agency or bottler selling in less quantities than by the case of 24 bottles shall also pay the tax herein imposed upon retail malt liquor dealers."

Mr. O'Brien said that two agents of breweries desired to begin business here and while they would deal in beer already bottled instead of shipping it in kegs and bottling it here, they simply wanted to be put on an equal footing with the other brewery people. Mr. O'Brien, at the suggestion of the Board of Audit and Finance, recommended as subjects of taxation wood distilling plants, typewriter agents, electrical supply dealers, wiring contractors and enterprises such as the Creveling-VanDyck Company.

Upon recommendation of Chairman O'Brien, of the Streets and Wharves Committee, contract for feeding, shoeing and caring for city mules and carts was awarded to the City Livery Co., at $12.65 per month. Alderman Karr presented a contract signed by a majority of the abutting property owners for the North Fourth street paving and City Engineer Matthew, who was present was instructed to proceed at once according to the new lay to lay off the street and assess the cost of the work, the streets car company, paying for the centre pavement and the property owners the whole difference between the ordinary cost of macadam and vitrified brick. The bid of Roger Moore, made under the last administration, was accepted for the work and the contract so awarded. The fixing of the salary of the City Engineer was referred to the Finance Committee. The city street force, upon recommendation of the committee, was allowed the usual Summer vacation as now applies to the police and fire departments. It was the conscensus of opinion that before any permanent improvement of Water, between Orange and Nun street is undertaken, that the same first be declared a public thoroughfare and property owners relinquish any claim they may have to the property. It is the section of street which the Atlantic Coast Line proposes to improve at its own expense. Under the head of Street and Wharves Alderman Price called attention to the desirability of completing the improvement of Fifth street, between Dock and Orange. He was under the impression that under the new law the property owners could be made to move to the street line. He requested that the City Attorney and Streets and Wharves Committee look into the matter.

Aldermen Brown and King indulged in some good-natured sparring as to improvement of streets wanted in Fifth ward, the idea being to build a 20-foot roadway along the recent extension of the water main and the establishment of seven fire hydrants in that neighborhood. Mr. King disagreed with Mr. Brown as to the course of the proposed improvement, but it all finally ended in being referred to the Streets and Wharves Committee. The same action was taken upon a petition from the Rev. Dr. James Carmichael, presented through Alderman Moore, asking that the street in front of St. John's church be improved. Mr. Johnson presented the needs of Seventh street, between Market and Walnut, and Eighth street, between Dock and Chesnut. Mr. Johnson made a motion that the Board of Audit and Finance be requested to increase the permanent street fund from $22,000 to $30,000; but finally be withdrew, the motion at the suggestion of Mr. Price to widt until the July meeting.

Mr. Johnson thought it would be a good idea while waiting for definite arrangements to buy some curbing and begin laying that. Chairman O'Brien said he was in correspondence with the quarry man, near Salisbury, and had been assured of some reduction in price from what the former Board paid. He also said he was negotiating with Chairman McEachern for the joint purchase with the county of road material from the Columbia, S. C. quarry, using the home product for top dressing. The Columbia rock could be delivered for $1.32 1-2 per ton with the added advantage of having the cars delivered near the work in most any portion of the city. The Board appeared to deem the idea a good one.

Chairman Karr, of the Police Committee reported that the committee had withdrawn the charges of incompetency against Policemen W. R. Appleberry, H. P. Merritt and M. A. Jones.

Chairman Rathjen, of the Fire Committee, was pleased to report that the Board of Audit and Finance had passed its appropriation carrying with it money for a fire boat and a new hook and ladder truck.

Contract for supplying, lighting and caring for the 83 city oil lights was awarded, upon recommendation of Chairman Brown, to John W. Capps, for $790 per year. other bidders were: J. B. Casteen, $900 per year, and A. T. Yopp, $68.50 per month.

The Board appropriated $30 for the cost of installing a new arc light at Fifteenth and Market streets.

Upon recommendation of Chairman W. H. Yopp, of the Sanitary Committee, E. W. Hewlett was elected a health officer, vice T. E. Davis, resigned, and the Board insisted on the increase in the salary of City Superintendent of Health from $800 to $1,000 per year.

Mrs. Sheehan was awarded contract for feeding city prisoners.

The chairman of Sanitary Committee was instructed to investigate at once the cost and advisability of establishing a crematory for disposing of city garbage. The plumbing ordinance was also referred to the Sanitary Committee for re-examination and report. Ordinance limiting the area in which pig stys may be kept to north of Nixon street was suspended until Jan. 1st, 1906, to give owners opportunity of disposing of present stock, provided all pens are floored and kept in good condition until that time.

The Mayor read a communication from W. R. Utley, of New York, claiming with a friend to be in possession 50 old interest coupons of the city from bonds of issue 1871, which he desired paid. The Mayor read a characteristic reply in which he expressed the firm conviction that the coupons were a relic of reconstruction days; that they have already been paid and expressing a belief that the coupons were stolen.

Application of Capt. J. Loughlin, W. M. Sneeden and C. E. Collins for exemption from hucksters' license of $1.65 per month, because of their being city tenants, was referred to the Market Committee after Mr. Collins had been heard by the Board.

Matter of back taxes due by Mariah Dry was referred to the Finance Committee with power to act.

The Red Men were given permission to hold another carnival at a location to be designated by the Mayor during the month of September or October.

Application of Clyde S. S. Co. to improve and lease Grace Street dock was referred to Streets and Wharves Committee.

Upon communication from former Superintendent of Streets Woolard, sent over from the Board of Audit and Finance, Alderman O'Brien moved that he be paid for time served. Carried.

Chief of Police Williams reported 136 arrests during May, 43 of the defendants being white and 93 colored. Nine cases were sent to Superior Court, the bonds aggregating $300. Twenty-five defendants were sent to the county roads and workhouse for an aggregate of 780 days. Fines and costs aggregating $229.75 were collected from the Mayor's court.

The cattle weigher reported the collection of $13.85 as fees from the office during the month.

City Clerk and Treasurer Fowler reports a balance on hand, May 1st, of $10,205.30 and receipts from all sources during the month, $12,698.17, making a total of $22,903.47. The disbursements amounted to $18,337.86, leaving a balance June 1st, of $4,565.61, of which amount of $1,746.08 is deposited with the Murchison National Bank and $2,819.53 is in cash and cash items.

## AFFAIRS OF COUNTY

### The Regular Monthly Meeting of Board of Commissioners Held Yesterday

### THE ROAD SUPERINTENDENT

R. A. Chadwick Elected—Improve Sound Road Leading to Summer Rest—Contract for Road Material.

All members of the Board were present at yesterday afternoon's regular monthly meeting of the County Commissioners. An adjournment was taken from the afternoon until night when work was begun on the biennial revision of the jury list as required by law. The business transacted at the afternoon session was not important. The action of the chairman in appointing Mr. R. A. Chadwick road superintendent, vice Mr. J. A. Perry resigned, was confirmed. The permanent road committee was authorized to appoint a road foreman as assistant to the superintendent for certain departments of the work, provided the committee deems it expedient.

The chairman made report of his visit to Columbia, S. C., with Commissioner Robertson and the closing of a contract for 10,000 tons of road material with the privilege of $50,000 tons, if it is needed. The price is 57 1-2 cents per ton and a freight rate of 75 cents per ton to Wilmington and 81 cents to Scott's Hill has been secured from the Atlantic Coast Line for the delivery of the material.

L. D. Cherry was appointed to survery certain lands for W. A. Piner, in Harnett township. Application of Joe Doane, colored, Wilmington township, for reduction of tax valuation, was not granted. Silas Ross, colored, Harnett township, was granted $2 per month on outdoor poor list until further ordered. The county attorney reported $367.52 back tax collections during May. Liquor licenses were granted to Seashore Hotel and H. A. Kure at Carolina Beach. Application of J. H. Whiteman, of the United Charities, for payment of a balance of $42.80 deficit when the county took charge of the disbursements of the fund, was not granted. Wm. Cates, colored, was not allowed exemption from poll tax as requested. Application of Mask & Taylor for reduction of back taxes was referred to a special committee composed of Messrs. Robertson, Vollers and Alexander with power to act. Application of the Robert Portner Brewing Co. for license to conduct malt liquor agency in Wilmington was granted.

The Superintendent of Health reported 15 cases of small-pox during the month, 13 of the patients being from the city; one case of scarlatina occurred in the city. The county institutions were reported in good sanitary condition, and no serious or continued sickness in any of them, except a case of small-pox at the County Home. Sixty patients were treated in the office and eight at their homes during the month. The small-pox patient at the County Home was an insane colored woman and was at once isolated. She has now recovered and all danger of contagion has passed for other inmates of the home.

A communication from Postmaster T. E. Wallace complaining of the bad condition of the Federal Point road, between H. L. Horne's and Stephen Keyes' places, was received and filed. The complaint of Mr. Wallace is upon report of the mail carrier on Rural Route No. 2, who says the road is well night impassible on account of deep sand, making the progress very slow and frequently causing a misconnection of the mail with the evening train North.

The action of the chairman in purchasing three mules from the Independent Ice Company for $362.50 was approved, $300 of the amount to be charged to the County Home and $62.50 to the Road Fund.

Application from the local military authorities to place in condition the county road, from Wrightsville along Summer Rest to the grounds, a distance of about half a mile, in view of the approaching encampment of the State National Guard at Summer Rest, was referred to the Road Committee with power to act. It is understood that the proposed improvement will be made as the Commissioners have had the matter up for some time upon petition from residents of Summer Rest.

The report of the grand jury at last week's term of court was read and that portion of it commending the road work was commented upon with gratification. That portion of its relating to the case of A. W. Rivenbark was referred to the Superintendent of Health. Dr. McMillan, the superintendent, was present and stated that the condition of the patient was gradually improving. Another effort will probably be made to have Mr. Rivenbark admitted to the State hospital.

Upon motion of Mr. Divine it was ordered that half-holidays be observed in the offices of the Register of Deeds and County Commissioners from first Saturday in June until the first Saturday in September.

The chairman was authorized to have printed and distributed ballots for the goods roads election to be held in the county to-morrow. The official notice, calling the election and giving all information, appears elsewhere in to-day's paper.

## JAPAN NAMES HER TERMS OF PEACE.

The news about the far Eastern war since Saturday gives no assurance that there will be an early peace. Dispatches sent out from Washington state that Japan has made known her terms of peace and that they are such that Russia will not accept them. This means that the war will drag along with further military operations in Manchuria, since Russia has been put out of business as a naval power and can only resist the victorious Japanese on land.

It is hard for Russia to realize that she has lost her place as one of the great military and naval powers. The destruction of her navy, according to experts, has reduced her from the third class of nations to the seventh, and most of the world will agree with President Roosevelt that it is futile for Russia to prolong the war with any hope of winning. Indeed if Russia had peace at home and her millions of men were willing to fight her battles for a quarter of a century she would not have the finances. Therefore, it is regarded that further resistance on the part of Russia will result in the useless sacrifice of life and utter bankruptcy of the Empire and ultimately its overthrow.

Count Cassini in his conference with President Roosevelt a few days ago was made cognizant of the substance of the Japanese demands. Of course, it is impossible for the newspapers to get the details of the Mikado's demands from the Czar as the basis of peace, but the following is said to be the substance of what Japan will insist upon:

They include the payment of a large monetary indemnity, the cession to Japan of Port Arthur and Dalny and of the island of Sakhalin, the recognition of a Japanese protectorate over Corea, the abandonment by Russia of all claims to superior rights in Manchuria and the relinquishment of control of the Trans-Manchurian Railroad. It is understood that the Japanese demands do not at present call for the cession of Vlad ivostok; so that if they should be accepted by Russia that power would still have an outlet by way of the Trans-Siberian Railway on the Pacific Ocean. If the war should be prolonged until Vladivostok is in the hands of Japan the cession of that port and surrounding territory might also be demanded.

The New York Journal of Commerce makes this comment on the movement for peace:

"The announcement comes from Washington that the Japanese demands, as communicated by President Roosevelt to Count Cassini, are not such as Russia is yet willing to accept. However much disposed President Roosevelt may be to place himself in the position of a friendly intermediary, and however well his position may lend itself to such a role, he can do nothing to soften the terms of Japan and nothing to bring Russia to a clearer realization of the folly of putting off the day of submission. It is doubtful if the representative of any neutral power can accomplish anything in this direction. And it may be assumed as certain that if the autocracy has not the courage to convene a constituent assembly, it will allow the war to drag on its aimless and helpless course for some time longer. It is more than a year ago that Prince Metschertsky wrote in a Moscow paper, 'Half Russian society favors the Japanese, the other half favors the Revolutionaries,' and if there ever was any doubt that the first act of a body of representative Russians would be to end the war it certainly exists no longer. Japan might very conceivably prescribe less onerous terms if she had to deal with a Russia having some semblance of representativei nstitutions rather than with the bureaucratic despotism which now exists. If the knot of men who were responsible for the war are to contine to guide the external and internal policy of the Empire, there must manifestly, be some solid guarantees given against a resumption of Russia's dangerous activity in the Far East. Japan owes that to her own safety, no less than to the preservation of peace in Asia; but if a new regime of freedom is to be established in Russia the danger of reviving the plans of an insane military ambition is very much lessened and the precautions to be taken against its revival need be the less drastic.

"The demands of the party that is called Revolutionary in Russia are, from an American point of view, extremely moderate. They include the convocation of a representative assembly; the liberty of the press; the liberty of public meeting; the annulment of arbitrary regulations against the people, as well as against the oppressed nationalities; the cessation of the war with Japan; prompt measures for dealing with the problems of the unemployed and the famine-stricken peasantry, as well as amnesty of political and labor exiles."

## BRICKLAYING MACHINE.

We see from our South Carolina exchanges that a South Carolinian has invented a bricklaying machine. The inventor is Mr. P. H. Loud, of Williston, Barnwell county, who claims that his machine is a success, and that he will make a demonstration with it at Columbia.

The inventor claims that with two or three men to feed bricks and mortar into the machine and operate it, his machine will lay as many bricks as good as a dozen men can do it. It is said that it will build up a wall as if by magic and is so quickly and easily adjusted that it will skip whereever it is desired to leave openings in a wall for doors and windows. The further claims are made that the machine is not complicated, will not easily get out of order, and has been demonstrated to be such a practical and useful invention that it is sure to come into general use by contractors. It will be given a practical test on some large contract in Columbia within a few weeks.

A bricklaying machine that will do work that will stand the test as well as those laid by hand is certainly an important invention, and since there are other machines that automatically perform work of difficult nature with the assistance of men, nobody is going to doubt that the bricklaying machine has arrived or will come along later.

## CURRENT COMMENT.

—Senator Penrose's connection with the proposed Philadelphia gas steal indicates that he is about ripe for retirement along with his creature, Durham, who has just been turned out as a boss without a job. The misfortune of it is that Penrose has four more years to serve.—Chicago Times.

—The principal competitors of the United Kingdom in coal products are Germany and the United States. While the output of the United Kingdom has little more than doubled since 1870, that of Germany has increased more than fourfold and that of the United States no less than tenfold.—London Standard.

Mrs. Jenner Lee Ondego—What do you know about those people that have moved in the house next door to you? Mrs. Seldom-Holme—They seem to be disagreeable, suspicious kind of people. They keep their kitchen window blind down all the time. I suspect the woman does her own housework.—Chicago Tribune.

—The eight-hour law promises to be slightly expensive in connection with the digging of the Panama canal, yet the fact remains that if eight hours is a reasonable day's work for government laborers and mechanics anywhere within the bounds of the United States, it is none too little in government work outside of those bounds.—Springfield, Mass., Republican.

—The Patterson woman who gained so much notoriety in several trials for murder in New York, and who is receiving a large sum per week to appear in vaudeville, has been tried on a number of the interior cities of Pennsylvania this week. Judging from the character of the attendance and the newspaper comments her stage career is doomed to be a short one.—Philadelphia Press.

—The Virginian-Pilot notes that the State Board of Education has been investigating the charges made by Mr. Eggleston, who is a candidate for State Superintendent of Public Instruction, and is opposed by Mr. McGilvray, with the results that are not exactly as aromatic as the perfumes of Araby. It was developed at the hearing that the assistant superintendent of public instruction, the necessity for which office is not as apparent as it might be, has apparently been receiving part of the profits received from the excessive charges made to the State for the school register.—Norfolk Virginian-Pilot.

## COTTON MARKETS.

New York, June 5.—The cotton market was fairly active but acted very unsettled with prices breaking sharply after a strong easy advance. The opening was firm at an advance of 10 to 12 points on covering and some buying for investment account promoted by the unexpectedly higher cables and continued apprehensions as to the condition of the crop. But the weather map showed generally favorable conditions, the forecast called for continued clear weather, and after increasing the initial gains by a point or so, the market broke under steady bear pressure while fresh buying orders for long account were undoubtedly checked by the favorable weather and report of a slackening demand for spot cotton in the South. The low point was reached shortly after midday when active months showed a net loss of about 11 to 15 points. The close was up a little from the lowest on covering with the tone steady at a decline of 3 to 6 points. Sales of futures were estimated at 400,000. Southern spot markets according to official reports closed 1-4c. lower. Spot houses were credited with buying a little early here but were not active during the late trading.

**Dying of Famine**

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free. **

**Huge Task.**

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

### SPIRITS TURPENTINE.

—The condition of Nat Crump, the negro outlaw in jail at Lexington, is improving and there is now little doubt as to his recovery. He is likely to have a preliminary hearing when he is able, on the charge of shooting from ambush Messrs. Grubb and Thompson, having already confessed his guilt. Dave Leonard and Henry Charles, white men implicated by his confession, as accessories, are still in the county.

—Raleigh News and Observer: Major Huger, general superintendent of the Seaboard Air Line, was before the corporation commission to-day in the matter of improved station facilities at Laurinburg, Lumberton, Monroe and Rockingham, where better facilities has been asked for by the people in the shape of new passenger stations. The commission was informed that the railway would build new stations at Monroe and Rockingham, and it was understood that improvements would be made at other points.

—A dispatch from Elizabeth City on Saturday says: Mrs. R. E. Perry, who lives on Beach street, has recovered her powers of speech after 59 days, during which time she could not utter a word. About two months ago she was prostrated by an attack of grip, one of the most severe cases ever known in this section, and the loss of speech was one of the ways in which it affected her. When she had recovered from the sickness still she could not utter a word, her tongue seemingly being paralyzed, and her people had almost lost hopes as to her ever speaking again. Thursday, however, she suddenly regained the use of her tongue and can now speak as well as ever and she is happy.

—A dispatch from Goldsboro on Sunday says: Mr. Calvin Upchurch, a respected Confederate veteran, was found this morning about 5 o'clock within a hundred yards of his home, about half a mile from this city, lying unconscious by the road-side. Yesterday evening Mr. Upchurch was in this city, where he made some purchases and had on his person about $60, and it is supposed that some person or persons saw him with the money and followed him out or town where they robbed him, for when found his pockets were empty. He was taken to his home and medical aid summoney, when it was found that outside of several cuts and bruises on his face his skull was fractured. He never regained consciousness and died this afternoon at 1 o'clock without a murmur as to who his assailants were. He was 56 years of age.

—Charlotte Observer: News of an interesting case of a fraternal order initiation has come to town. It seems that about four weeks ago, a young fellow by the name of Ed. Mabe, was made a Woodman of the World by some of his friends, and after the regular degrees had been conferred, a side-step was indulged in. The candidate was given the hot-chair test; that is, a chair provided with a metal bottom had been heated with a candle from underneath. Mabe sat down then, but has not been able to sit since. He is still under the care of a physician, and has suffered greatly. There is much talk about the affair and it is said that the victim will sue the boys who initiated him for criminal assault and bring civil action against the fraternal order. The future progress of the case will be watched with a great deal of interest by many people in the State. All of those directly concerned are cotton mill operatoves.

—Raleigh correspondence Charlotte Observer: Last January your correspondent gave you a story about Capt. Orren R. Smith, as the designer of the first Confederate flag, the "Stars and Bars," he having sent a model flag to the then Confederate capital, Montgomery, Ala., which was accepted, and having had a large flag made, which was hoisted at his then home, Louisburg. Now friends of a man named Mariscal, a foreigner, claim that he was the designer of the flag; that on the spur of the moment he drew three designs, while a lady who had asked for designs for the flag, waited. This statement has roused the friends of the venerable Captain Smith, and they are getting together a mass of testimony in proof of his statement. Capt. Smith says that papers of the period at Montgomery and possibly other places stated that the flag adopted was from his design. The claim of Mariscal is published in the current number of The Confederate Veteran.

—Washington correspondence, Charlotte Observer: "I have nothing to say, but what Mr. McNeill may tell you is doubtless correct." This was the meagre statement made by ex-Senator Marion Butler, who has come under the lime-light in North Carolina politics as an original promoter of the Greensboro Republican daily to be published by the company of which State Chairman Rollins is president. Not a word would Mr. Butler utter regarding the rival paper. The Daily Tar Heel, backed by Congressman Blackburn. However, Mr. R. H. McNeill, formerly secretary of the Republican State committee, joint signer with the ex-Senator of letters soliciting stock for The Industrial News, and who occupied an adjoining law office to Mr. Butler, was the spokesman. Mr. McNeill, in an interview, denies in emphatic terms that the paper has any other purpose than the upbuilding of the party and the State. Furthermore in proof that it is to be the organ of no faction, he says all classes were invited to subscribe for the stock and two letters were written Congressman Blackburn, urging him to subscribe. Mr. McNeill states that a contract has been closed for the Associated Press morning service at Greensboro.

—Nettie, the twelve-year-old daughter of Mr. and Mrs. Phillip Pritchard, was accidentally shot and killed one mile from Elizabeth City Thusday afternoon. A deer was seen in the yard of Mr. Pritichard's home the day before, and this was the cause of the gun being loaded. After putting in an extra charge, Mr. Pritchard increased the load by putting in a ball. He then placed the gun behind the door, telling his wife if the deer reappeared in his absence to shoot. Thursday about 12 o'clock Mr. and Mrs. Pritchard left the house, going out in the barn yard. The children went into the room, where the gun was, and a moment later a loud report rang out. The mother, almost certain what had occurred, ran crying to the house, and when there a sight met her gaze that transfixed her with horror and from which she is now suffering almost a nervous collapse. Lying on the floor in a pool of blood, her clothes signed and blackened and an awful wound in her side—was her little daughter Nettie. By her side were the two little brothers completely dumbfounded, yet not realizing what had happened. When she had received the wound, according to the boys, she uttered no cry, but took several steps across the room, staggered out into the hall and fell. It is thought she was holding the barrel of the gun while one of the boys, sitting on the floor tampered with the hammer and fired the shot.

## IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of No. 8 South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. **

### GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## Habit OR Value?

Which Shall It Be?

Will you buy your clothes and furnishings in one certain place because you've been in the habit of doing it or go to the man who offers you the best value? We believe J. M. Solky & Co. clothing at its price to be the best value in clothing obtainable—and we know also that there's nothing to be had today that can match it in style or fit, or in workmanship, while quality is guaranteed by reputation.

## WARM WIRELETS.

Te degree of Doctor of Laws was yesterday conferred on President Edwin A. Alderman of the University of Virginia by Columbia University, of New York.

Secretary Taft left Washington last night with Mrs. Taft for Hot Springs, Va., to address the Southern Hardware Association in convention at that place.

D. B. Bean, president of the Tennessee Coal Company, died at Knoxville yesterday.

Dr. Meander M. Wood, of the Second Presbyterian church, of Louisville, Ky., has been elected chancellor of the Southwestern Presbyterian University at Clarksville, Tenn. Dr. Woods telegraphed his acceptance Monday. He was for many years pastor of the Second Presbyterian church at Memphis.

The first division of the battleship squadron, under command of Rear Admiral Robley D. Evans, composed of the flagship Maine, Kearsarge, Kentucky and Missouri, sailed from Hampton Roads yesterday for the southern drill grounds. After two days evolutions at sea, the squadron will sail for New York, and the ships will then disperse for repairs at the Northern navy yards.

## THE GERMAN BAPTISTS.

### Ten Thousand at Conference—Not Too Proud to Kiss.

By Wire to the Morning Star.

Bristol, Va., June 5.—There are fuly ten thousand German Baptists in this city attending the annual conference of the denomination. To-day was devoted to devotional service and a discussion of missionary and Sunday School work, it being shown that the denomination has grown greatly in both. The standing committee which has before it the real work of the conference was in session behind closed doors all day and until late tonight. The business session of the conference to which this committee reports will convene tomorrow morning. Weather conditions are ideal for the gathering. The great tabernacle has been crowded and hundreds could not gain admission.

In a sermon today Elder Beahm, of Bridgewater, Va., speaking of the ordinance of kissing observed by the brethren said:

"When we get too proud to kiss each other, to that extent has God gone out of our hearts?"

## HIGHWAYMEN GET LONG TERMS.

### Four Italians Held Up and Robbed Paymaster of $5,112.

By Wire to the Morning Star.

Newark, N. J., June 5.—The four highwaymen who last summer held up Dana White, paymaster for a New York construction company, and robbed him of $5,112, today were sentenced to long terms in prison. Antonio and Luigi Vatrano, brothers, and Angelo Benzevengo, were each sentenced to fifteen years at hard labor in States' prison. Nicholas Valrano another brother and the youngest of the group, received a sentence of ten years at hard labor.

White had drawn the money from a New York bank to pay off workmen employed in the vicinity of Great Notch. He was attacked by the highwaymen while riding in a buggy with three men in a lonely spot on the road near Great Notch. The horse was shot by the highwaymen, White was sandbagged and the other men were held up with revolvers. After securing the money the robbers escaped. They were captured as they were about to sail for Europe.

## THE RURAL FREE DELIVERY.

### It is Popular in North Carolina and Southern States.

By Wire to the Morning Star.

Washington, June 15.—According to tables prepared in the division of rural free delivery which have just been laid before Postmaster General Cortelyou by the Fourth Assistant Postmaster General, there is yet no perceptible abatement in the demand for the rural free delivery service. There are pending 4,708 petitions for new service, as against 5,470 similar petitions on file one year ago.

The great pressure for the continuation and extension of the service is coming from the Southern States. Alabama has 282 petitions on file; Georgia 342, North Carolina 366, Virginia 236 and South Carolina 114. There are pending 203 petitions for establishment of rural free delivery in Mississippi, 103 in Arkansas and 308 in Texas; and there are tsablished services in each of those State as follows: Mississippi 246, Arkansas 182 and Texas 1,262.

## INDUSTRIAL AFFAIRS.

### Immigration Urged Upon Board of Agriculture—Geological Survey.

(Special Star Telegram.)

Raleigh, N. C., June 5.—Governor Glenn and Senator Simmons made vigorous addresses this morning before the State Board of Agriculture in favor of the Board's undertaking some work looking to the attraction of desirable immigrants for farm and other labor. They insisted that the State is in great need of at least 100,000 laborers and the best way to get them under present conditions was to arrange with agents to pay so much a head for them, say $5, this to be gotten out of the man on whose land they settled. In this way there will be no cost to the State.

The State Board of Geological Survey was in annual session to-day, members present being H. E. Fries, of Winston-Salem; Hugh McRae, of Wilmington; Governor Glenn and State Geologist Holmes. All the old officers were re-elected and valuable work for next year in all parts of the State was mapped out.

## WILL OF ARCTIC PATRON.

### William Zeigler Left Estate of $30,000,000.

By Wire to the Morning Star.

New York, June 5.—The will of William Zeigler, the patron of Arctic explorations, was filed in this city today. The estate is estimated to be worth $30,000,000 and after provision is made of $50,000 annuity to Mrs. Zeigler together with the use of the Zeigler city and country homes, the residue of the estate is bequeathed to Mr. Zeigler's adopted son, William, who is now 14 years old. It provides that the son shall enter the gradual enjoyment of the estate beginning when he is 25 years old and ending when he is forty. No provision is made in the will for the continuation of Arctic exploration but William S. Chant, Mr. Zeigler's private secretary, who is now on his way to the Arctic regions in search of and to succor the Zeigler expedition in charge of Anthony Fiala, is made one of the executors of the estate.

### Three Russian Cruisers at Manila Must Move On or Dismantle—Rojestvensky's Condition Favorable—Other News.

By Cable to The Morning Star.

Washington, June 5.—Peace in the Far East was the subject of another conference at the White House tonight between the President and Mr. Takahira, the Japanese minister. It was the third conference of the day which the President had had on this subject, Mr. Jusserand, the French ambassador and Mr. O'Beirre, the British charge d'affaires having been callers at the White House this morning. Mr. Takahira called at the White House shortly after 9 o'clock. Thus far he has not been able to tell the President, except in the general and unofficial way, that Japan is likely to demand of Russia when the latter can be brought to discuss peace. The President was unable to give Mr. Takahira any intimation of how Russia has viewed the annihilation of her fleet and until Count Cassini's report of his visit to the White House has been replied to from St. Petersburg, no further progress toward peace can be made in that direction. It is realized by the Washington government that the Mikado has a formidable war party in Japan to cope with and this is one of the reasons why it is difficult for Tokio to give Washington definite information about what her terms would be in the light of Admiral Togo's latest victory.

Regarding the general situation it can be announced that Europe regards the President as the most available medium for the preliminary communications between St. Petersburg and Tokio, and Count Cassini, the Russian ambassador and Mr. Takahira are both convinced of the President's sincerity and friendliness to both belligerents in his conferences of the war.

Whatever may be the result of the important conference the President had with Count Cassini the exchanges between Washington and the European capitals are gradually bringing about a thorough understanding among the neutral powers which will enable them to present a united front when peace negotiations do begin. European advices received here indicate that the neutral powers are inclined to shape the President's aversion to an international conference and that they are inclined to the belief that all interests can best be served by direct negotiations between the belligerents.

Mr. Takahira said tonight that "Tokio is always for peace, but," he added significally, "Rusia must first realize the present situation in all its seriousness and be prepared to face it."

### Ships Must Leave or Intern.

Washington, June 5.—Admiral Enquist will not be allowed to repair his ships at Manila. This government has decided that as the injuries to the vessels were not caused either by the sea or storm they will be obliged to refuse permission for the vessels to be repaired there. To-day Secretary Taft cabled the following instructions to Governor Wright at Manila regarding the ships:

"Time cannot be given for the repair of the injuries received in battle. Therefore the vessels cannot be repaired, unless interned until the end of hostilities."

Admiral Train has been instructed accordingly. It was stated by Secretary Taft that if the Russian vessels agreed to leave Manila in their present condition they were welcome to do so, but as it did not appear that they suffered from any damage caused by the sea or storm this government was obliged to take the position above outlined.

The President's decision regarding the disposition of the Russian vessels at Manila, that they shall intern or put to sea is, it is said here, in accordance with the best naval opinion and is in pursuit of the policy of strict neutrality followed by the Washington government from the beginning of the war.

It is specifically declared that there is no intention to show the slightest favoritism in the matter and everything possible will be done for the comfort of the wounded Russians. The ships when interned will of course be allowed to be put in inhabitable condition and such repairs as are necessary to keep them afloat will be allowed.

The decision of the President was announced after conferences with Secretaries Morton and Taft. Rear Admiral Converse, chief of the bureau of navigation, personally took charge of the preparations of instructions to the admiral who is to be in charge of the details of internment, this being the practice followed when the Lena put in to the port of San Francisco and was interned under the direction of the commandant of the Mare Island navy yard. The instructions to Admiral Train when completed will be approved by the secretary and cabled to Manila in the expectation that Admiral Enquist will forthwith decide to intern in view of the bad condition of his vessels.

The Japanese minister here having formally inquired of the Department of State what action the United States government intends to take respecting the Russian war vessels now in Manila bay, Secretary Loomis to-day responded that these vessels would be interned provided they did not leave the harbor at once. This exchange has taken place in order to formally establish the responsibility of the United States for the detention of the vessels in Manila harbor until the end of hostilities.

### Russia Will Go On With War.

London, June 5.—Accounts of President Roosevelt's interviews with Mr. Takahira, the Japanese minister at Washington, Count Cassaini, Baron Speck von Sternburg and other ambassadors, which are alleged to have been along the line of efforts to bring mediation, are receiving much attention here, but ni diplomatic circles it is not believed that they will result in securng peace. The belief is firm in all quarters that Russia will continue the war.

Peace reports come from Paris, Berlin and St. Petersburg as well as from Washington, but not a single definite indication of peace or even of intervention can be obtained.

At the Russian embassy it is declared that the war will be continued and at the Japanese embassy it is said there is no expectation of a peace offer, while the foreign office states that it does not know of any movemnt towards peace.

As far as can be ascertained the British government has made no attempt to bring about intervention.

### Jap Warships Off Shanghai.

Shanghai, June 5.—Vice Admiral Uriu has arrived off Gutzlaff island. He is probably coming to Woosung. An ex-Russian criuser is outside this harbor.

Gutzlaff island is situated in Hang Chow bay a few miles south of Shanghai.

Shanghai, June 5.—The flagship Tokiwa, under Vice Admiral Uriu, and the cruisers Naniwa and Takachiho and the destroyers Murasame and Saquanami have arrived off Gutzlaff Island, Hangchow bay. More cruisers are expected. Vice Admiral Uriu came from the Tsu islands around Formosa looking for Russian vessels. During the battle of the sea of Japan, a shell passed through the Tokiwa aft but did not explode.

### Russian Ships Sighted.

Hong Kong, June 5.—The steamer Seafiro, which has arrived here from Manila reports having sighted a Russian volunteer fleet steamer, two supposed torpedo boats and a three funneled cruiser accompanied by a deeply laden transport this morning in latitude 20.59 north and longitude 115.23 east. The vessels were steering southwest.

### German Seamen Released.

Hamburg, June 5.——News reaches here from Libau that German seamen were employed there for service with the fourth Russian squadron, which it was intended to send to the Far East, have received orders to return home, as their contract had been cancelled by recent events. This is considered proof that Russia has definitely abandoned further efforts tow rest the sea power from Japan.

### Determined to War On.

St. Petersburg, June.—7:45 P. M.—The interview between President Roosevelt and Ambassador Cassini at Washington regarding peace in the Far East has not borne fruit here. Foreign Minister Lamsdorff has not yet visited Tsarckie Selo, but will lay Count Cassini's dispatch before the Emperor tomorrow, the regular audience day. The Associated Press was informed at the foreign office that Count Cassini's report places the whole conversation in a purely informal light and it is expected that Russia's answer will be returned in an equally informal manner. The officials did not hesitate to express the opinion that the determination to continue the war was fixed and definite. They seemed pleased with President Roosevelt's friendly spirit which was manifested in such a form as not to require a formal reply. Ambassador Meyer did not receive any dispatches on the subject during the day and after the flutter of excitement in diplomatic circles caused by the press dispatches regarding the Washington interview the representatives of the powers here are disposed to look upon the attempts to end the war as fruitless until after another land battle at least.

### Ministers Resign.

St. Petersburg, June 5.—Minister of the Interior Rouligin and Admiral Alexieff, head of the committee of the Far East, have tendered their resignation which the Emperor has not accepted.

### The Crippled Cruisers at Manila.

St. Petersburg, June 5.—7:43 P. M.—Both the foreign office and the admiralty say the decision whether to disarm the three Russian criusers at Manila or effect repairs there and endeavor to reach a Russian port was left in Admiral Enquist's hands to determine according to his best judgment. Little doubt was felt that the cruisers would be interned until the end of the war as before the repairs, which Enquist cables are imperative, could be effected, a Japanese squadron would be off Corregidor Island waiting to capture or sink them.

The admiralty has given out a cable statement of the dead and wounded on board the three cruisers at Manila but asserts that no report from Rear Admiral Nebogatoff has yet been received.

### Rojestvensky's Condition Favorable.

Tokio, June 5.—2:30 P. M.—The chief surgeon of the Sasebo naval hospital reports that Admiral Rojestvensky's condition is favorable. His pulse and temperature continue normal. There is no sign of brain complication. On the inside of the right thigh there is a bruise as large as the palm of the hand and also a pieced wound in the left foot. There are no signs of pus.

### People Down Naval Candidates.

St. Petersburg, June 5.—An echo of the naval defeat is heard from Odessa. During the recent city elections every candidate having naval connections was defeated.

The British embassy has not yet taken action regarding the British steamer Oldhamia reported to have been sunk by the Russians south of the Island of Formosa. No instructions on the subject, it is said, have been received from London and the British government evidently is not disposed to press the matter until full details are received.

## ALFONSO IN ENGLAND

### First King of Spain to visit That Country—King Edward Embraces Young Sovereign.

By Cable to The Morning Star.

London, June 5.—Alfonso XIII., the young king of Spain, was welcomed to England today with elaborate ceremonies. A deluge of rain at Portsmouth and at London, however, marred all the spectacular effects. The British royal yacht Victoria and Albert crossed the channel from Cherbourg accompanied by a strong escort of British cruisers and torpedo destroyers. At Portsmouth harbor the royal yacht passed through line after line of Great Britain's greatest fighting vessels bedecked with flags and flying the Spanish ensign and a score of which fired the royal salute. King Alfonso, who is the first king of Spain who has ever landed in England, disembarked at Portsmouth at 2:20 P. M. Accompanied by the Prince of Wales he inspected the guard of honor and subsequently left for London amid thunders of salutes and cheers.

The most extraordinary police precautions were adopted. When the Spanish sovereign's train arrived at Portsmouth King Edward advanced to receive his young guest whom he cordially embraced. The platform was crowded with uniformed cabinet ministers, diplomats and military officers. Their majesties arrived at Buckingham palace at 4:58 P. M.

There in the grand entrance hall, the king's gentlemen at arms and the yeomen of the guard resplendent in gold and scarlet uniforms, mounted guard and at the top of the great stair case, Queen Alexandra and Princess Victoria were waiting to give their welcome to King Alfonso, stepped a step just below where the Queen was standing and kissed the tips of her outstretched fingers.

King Alfonso was conducted to the state apartments, and a little later, escorted by cavalry, drove to Marlborough House to pay his respects to the Prince of Wales.

The King tonight dined quietly with King Edward and the royal family at Buckingham palace.

### Non Union Teamster Brutally Assauled and May Die—Union Leader Arrested for Criminal Libel —Shea Arrested.

By Wire to the Morning Star.

Chicago, June 5.—Cornelius P. Shea, president of the International Brotherhood of Teamsters and leader in the strike which has existed in Chicago for the last two months, was arrested and taken to jail to-night. With him on the journey from the saloon in which he was arrested to the office of the sheriff and then to the jail was Hugh McGee, president of the Truck Drivers' Union. Both men were taken into custody on capiases issued on indictments charging them with conspiracy which were voted by the grand jury that adjourned last Saturday night.

When arrested Shea lost his temper completely and denounced the sheriff and all his works in emphatic language. He was told by the sheriff that he would be given all necessary time to procure bondsmen but that he would be taken to jail at once unless he moderated his manner of talking.

Shea again broke into violent language and the sheriff turning to Deputies Honan and Wilson commanded them to take Shea to jail immediately.

Shea saw that he had gone too far and attempted to say something to the sheriff, but the deputies took him quickly into the hall and from there to the street, where they hailed a cab and conveyed him to jail. President McGee followed in another cab and in a few minutes the men were inside the jail. Both men were searched, according to the usual custom by Jailer Whitman, and were then taken to cels and locked up.

After being a prisoner for a little more than two hours both Shea and McGee were released, their attorneys having procured bonds which were approved by Judge Tuthill.

This was accepted by the Teamsters' Join Council and at a meeting tonight a committee was appointed with full power to meet Mr. Mayer. No time has been definitely set for the conference but it will probably be held some time tomorrow. Albert Young, formerly president of the International Teamsters' Union for whom a warrant was issued charging him with criminal libel in connection with assertions made that Robert J. Thorne, secretary of Montgomery Ward & Co., had offered $10,000 to have a strike declared against a rival house, was arrested this afternoon. He gave a bond of $5,000 for his appearance when wanted.

Non-union men are still being harassed by sluggers. Albert Johnson, believed to be a non-union teamster, was severely beaten today at Fourteenth street and Ashland avenue. When found by the police he was insensible and was bleeding from a wound on the head. He was taken to a hospital where it was found that besides the scalp wound several of his ribs were broken. He will probably die.

Rioting in which shots were fired by the police occurred this afternoon in an alley at Hayne and Cornell avenues. The policemen were guarding a wagon belonging to the Arthur Gourley Lumber Company. While the teamster was unloading the lumber a crowd threw missles, union teamsters interferring, driving their wagons to the end of the alley and forming a blockade. A heavy plank and a large piece of tiling were thrown from the rear window of a building near the alley, narrowly missing a policeman. The officer fired toward the window but the bullets went wide. Reinforcements arrived and the non-union teamster was enabled to proceed to the lumber yard after having unloaded the vehicle.

Reports that President Shea alone had blocked the peace overtures of Saturday were denied by the labor leaders today. They all declared that before President Shea appeared at the joint council meeting, it practically was decided to refuse to accept the employers terms. The attempt to bar the union button was the main objection to the pact.

"Our men are standing firm," said President Shea, today; "the sentiment expressed in every meeting is to stand by the institutions which have made it possible for the men to have shorter hours and better wages. No man has yet expressed a desire to return to work under other than union condition."

The strikers won a decided legal victory today. In the Federal district court Judge Peter S. Grosscup intimated that the jailing of two labor leaders, President Mulligan and John H. Donahue, for alleged contempt of court in refusing to answer questions was a most extraordinary proceeding in view of the fact that the purpose of the testimony sought undoubtedly was to establish a link in the chain of evidence against them. The judge declared that the right to refuse to testify on the ground that it might incriminate was one of the sacred precepts of the law. By his order the men were released and admitted to $500 bail each to give the appellate court an oportunity to pass on the question of their contempt.

The Merchants' Association at its special meeting yesterday morning, President Cooper presiding, discussed quite freely the desirability of union depot facilities between the Seaboard Air Line and A. C. L., in this city, and appointed a committee composed of Messrs. L. B. Rogers, Wm. E. Worth and Jesse Wilder to call upon the railroad authorities and see what can be done to the end suggested.

## CARE FOR EXCURSIONISTS.

### Commercial Bodies' Representatives Appeared Before Aldermen.

Messrs. W. A. French, Jr., C. M. Whitlock and W. E. Perdew, a committee appointed by the Merchants' Association yesterday morning, and Mr. L. B. Rogers, chairman of the Public Utility Committee of the Chamber of Commerce, apepared last night before the Board of Aldermen and made an earnest plea that immediate action be taken to provide some public comforts and conveniences for the thousands of excursionists who visit the city each Summer. Mr. French and Mr. Rogers each spoke at some length, suggesting the upstairs in the City Hall as a suitable rendezvous and also the vacant lot on North Front street recently purchased by Messrs. J. W. Murchison & Co., and which has been tendered for temporary use, together with the adjoining lot owned by Messrs. J. H. Rehder & Co. It was thought that an appropriation of $300 or $400 would be sufficient to provide the necessary quarters. The C. R., L. & P. Co., offered to furnish electric fans and ice water for the quarters in the City Hall, provided that is selected.

The Aldermen discussed the matter quite freely among themselves and a motion by Mr. Karr finally prevailed that the Board of Aldermen, the Audit and Finance Board concurring, appropriate $400 or so much thereof as is necessary to provide a suitable place for the visitors. The matter was left in the hands of the Public Building Committee with instructions to act at once.

### Trolley Strike Talked Of.

A strike of the street car conductors and motormen was threatened Sunday morning when time came for the men to take their cars from the barn at Ninth and Orange streets. There were several points of difference including the use of a less complicated register and more salary. The men were finally persuaded to take the cars out and await a conference with General Manager Skelding yesterday afternoon. A committee composed of Messrs. Hines, Riggs and Bateman met the General Manager at the hour appointed and announced after the conference that everything had been satisfactorily adjusted, for the present at least. Mr. Skelding was very courteous to the committee and gave them to understand that he would always lend an ear to any just grievance they may have.

### Two Steamers With Foreign Cargoes—Schooner at Caswell.

The British steamer Cayo Manganillo was cleared yesterday by Messrs. Alexander Sprunt & Son for Liverpool with cargo of 11,381 bales of cotton, valued at $501,560. Another cotton steamer is expected here in a few days.

Schooner Crescent, Capt. Mehaffey, arrived yesterday from New York with cargo of crushed stone for the government construction work at Fort Caswell. There are now four vessels at the fort, discharging similar cargo.

The British steamer Armenia, Capt. Scearf, cleared yesterday afternoon and will sail this morning at 7 o'clock for Port Glasgow, Scotland, with cargo of veneering timber, consigned by Capt. Will L. Miller. The steamer also carries part cargo of naval stores, the whole being valued at $36,000. The vessel is by Heide & Co.
